If you are currently enrolled in one of our Music, Special Art or Tennis programs, you will be automatically placed into these subjects. If you do not wish to continue in your Special Program next year, please speak with your teacher to discuss your options.

Instructions for completing the Subject Request Form

1. Rank your preferred subjects from 1 to 12

- 1 is your top choice.

2. Some subjects run all year, others are semester-based.

If a subject is offered in both Semester 1 and Semester 2 (e.g. 9ART and 9ARTB):

- Select either 9ART (Semester 1) **or** 9ARTB (Semester 2) if you only want to study it **for one semester**.
- Select both 9ART **and** 9ARTB if you want to study it **for the full year**.

3. Students in Music, Special Art, or Tennis programs will be automatically enrolled in those subjects. You still need to select your other preferences from the list.

4. Health and Physical Education are compulsory for the full year and will be added automatically.

5. If you wish to select 9MRED Marine Education, you must have a recommendation from your PE teacher. Please check the subject handbook or speak with your PE teacher if unsure.

6. Subject availability is not guaranteed.

Students will be allocated 2 to 3 elective subjects per semester, depending on whether they are enrolled in a Special Program. If your chosen semester for a subject is full, you may be placed in the other semester if space is available. We use your ranked list to assign you the highest possible preferences, so please rank your choices carefully. Any subjects not initially allocated will be kept as reserve choices and may be used if your preferred subjects are full or unavailable.
